Principal’s Message
Term 3 Week 10

High School Celebration Day
Our Year 6 students are looking forward to another visit to the high school to experience the celebration day that is a part of Macquarie Fields High School Culture.

Presentation and recognition days
With our school numbers increasing there will be more changes this year. I wanted to give you the dates early so working parents can organise time to attend. K-2 will be held on Tuesday 9th December in our school hall and Years 3-6 will be on Wednesday 10th December in the high school hall.

2015
If you have a child starting school in 2015 please make sure enrolment forms have been returned to the office so classes can be formed. If you know your child will not be returning in 2015 as you may be moving please put this in writing at the office so classes and numbers for 2015 can be finalised.

Mini Fete
We are all looking forward to the mini fete in week 2 of next term. There is a raffle with amazing prizes so please support our school by selling as many tickets as possible. Encourage children to do some extra chores in the holidays to earn some pocket money to spend at the mini fete. All money raised goes towards the one laptop per child program in our school.

Disney Trivia Night
Do not forget to book your seat or table by Friday this week or it will be opened up to the public. There are also fantastic prizes to be won on this fun evening on Saturday 25th October in our school hall.

As Term 3 comes to an end I would like to thank everyone for another amazing term of learning for our children. I hope everyone has a wonderful holiday. Students and staff return on Tuesday 7th of October.

If you notice any security issues at the school during the holidays please call School Security on 1300880021.

Kerrie Hayman

### ELOUERA NEWS

Just a reminder to keep bringing your books back so that we can get Elouera all tidied up and ready for Term 4. Sadly, we STILL have not had one single class with a 100% borrowing record. Let’s make that the mission in Term 4. We have some fabulous options for a cooking lesson for the winning class! We might even draw a name out for a prize for the best borrowers from that class!

**IMPORTANT**

In the interest of saving trees, please check out the school’s web site for more exciting events, opportunities and information about the fabulous opportunities in our community.

### FIVE MINUTES OF FAME

Mr Darryl - our amazing General Assistant

- **Favourite Pastime:** Watching my daughter do well at swimming
- **Favourite food:** Weiss Bars
- **Went to School:** Cabramatta West PS
- **Favourite Sportsperson:** My daughter
- **Interesting fact:** I don't have time for a "Man Cave’ because I'm too busy travelling with swimming
Here are some interesting web sites to look at in your spare time 😊

SCHOOL BANKING

Just a reminder that School Banking is held every Thursday and for each deposit, you will receive a token. When ten tokens are collected, each child will receive a gift.

PSYCHOLOGY

Psychological Assessments

Macarthur CDC’s Psychologists provide comprehensive assessments treatment and counselling to school aged children.

IQ assessments are used by psychologists to measure an individual’s intellectual capabilities in different areas of learning. It allows parents and teachers to understand a child’s cognitive strengths and weaknesses to be able to implement specific learning strategies to increase a child’s learning ability.

Macarthur CDC’s psychologists are able to administer assessments that look at a child’s activity levels, conduct, personality, mood, social interaction, emotional state and behaviour.

Our clinic’s developmental team are able to administer assessments that determine the diagnosis of Autism Spectrum Disorder.

Assessments are important in determining a child’s strengths and weaknesses as well as providing an understanding of a child’s individual learning abilities and preferences.

Following psychological assessments, our psychologists are able to provide appropriate diagnosis along with strategies that can be implemented within the home and school to assist each child.

Macarthur CDC’s psychologists implement a collaborative approach between client, families and educational providers. Our psychologists can advise schools in relation to additional student funding, appropriate school placement and ongoing strategies and support.

Macarthur CDC offers therapeutic treatment and/or counselling to our clients.
