HELPING AT HOME
• Maintaining good communication between home and school will help your child.
• Please ensure that homework is completed each week and returned to school on Friday. If your child is unable to complete his/her homework for any reason, I would appreciate a short note of explanation. Please help and encourage your child with homework (but don’t do it yourself).
• Listen to your child read each day. Books can be borrowed from the school and local libraries.
• Take every opportunity to join in school activities.
• Make sure that your child arrives at school on time and in uniform.

PARENT HELP
If you are able to assist our class either at school or home, please contact me at your earliest convenience. Parents/carers who are able to help in the classroom will be required by the DE to complete a brief Child Protection session and sign on at the office on days that they are helping.

NUT ALLERGY
We also have a student with Anaphylaxis (severe allergy to nuts), so it would be appreciated if you would not send any nut products with your child. If your child brings nuts or nut products (including Nutella and Peanut Butter spreads on sandwiches) it is necessary for your child to let the classroom teacher know before consuming these products. If your child wishes to eat these items, they will be asked to wash their hands and around their mouth upon finishing the product.

Please keep this in mind when sending to school birthday cakes intended for the whole class to share. Plain cakes are most suitable for us all to enjoy.

If you would like to discuss the consuming of nuts or nut products in our class, please don't hesitate to contact me.

Please do not hesitate to contact me if you have any concerns. I look forward to a busy and rewarding year.
